

Year	2018-19
DEPARTMENT:	Alumni Cell
FEEDBACK RECEIVED	MEASURES TAKEN
Alumni have suggested inclusion of more Practical approaches across various Programs so that the students could get practical exposure and were better prepared for real-world challenges.	To make the curriculum more relevant and practical, the Departments of various programs are requested to initiate the inclusion of more practical aspects across various programs. This step aimed to bridge the gap between theoretical knowledge and practical application, providing students with hands-on experiences and skill development opportunities.
Alumni has suggested to upgrade the infrastructure, enhance security measures, provide better sanitation facilities, and create a comfortable living space for students.	The Alumni cell recognized the importance of a conducive living environment for students and committed to improving the capacity and amenities of the boys' and girls' hostels. Efforts are made through administration to upgrade the infrastructure, enhance security measures, provide better sanitation facilities, and create a comfortable living space for students. The aim was to foster a positive and inclusive atmosphere that supported their overall well-being and academic pursuits.
