

A
Report on
Beyond the Campus Environmental Promotion Activities

Conducted During
2017 - 2022

गुरु घासीदास विश्वविद्यालय, बिलासपुर
Guru Ghasidas Vishwavidyalaya, Bilaspur

A Central University established by the Central Universities Act 2009 No. 25 of 2009

1. Introduction

The rapid urbanization and economic development at local, regional and global level has led to several environmental and ecological crises. It has become essential that we should adopt the practices which will lead for sustainable development. Guru Ghasidas Vishwavidyalaya Bilaspur, Chhattisgarh is deeply concerned and unconditionally believes that there is an urgent need to address the fundamental problems and reverse the trends. Being a premier institution of higher learning, the university has initiated 'The Green Campus' program that actively promote the various projects for the environment protection and sustainability by adopting and inculcating the nature conservation practices among the learners. Students are encouraged and involved in these activities through awareness/extension programs on environmental protection/conservation practices such as water conservation, energy conservation, flora and fauna conservation. This is done through activities such as nature trails, plantation drives, bird watching, butterfly counts, wild animal rescue, rain water harvesting system, installation of solar power plant, ban on single-use plastic in campus, cleanliness drives etc.

Guru Ghasidas Vishwavidyalaya towards its responsibility to the society and the nation not only performs the environmental protection and sustainability activities within the campus but also carries out various social activities from time to time in its nearby areas and surroundings. This social inclusion is stimulated through various extra-curricular activities and extension programs organised by NCC, NSS, Ek Bharat Shrestha Bharat, Unnat Bharat Abhiyaan, student and faculty volunteers. It is a matter of pride that the Vishwavidyalaya has twenty-one NSS units on campus, and one NCC platoon on campus, attracting the students for their engagement in Nation Building, National Security and environmental promotion/social activities. The environmental promotion activities carried by the university beyond the campus is arranged and presented academic year wise in the sub-sections of this report.

1.1 Academic year 2017 - 2018

A number of activities were conducted in this academic session like awareness program on environmental and forest protection with sapling distribution, awareness program on community development, training to farmers on organic farming, cleanliness drive, Wall slogan writing for giving environmental protection message, screening of movie on

cleanliness etc., in nearby villages and adopted villages under Unnat Bharat Abhiyaan (UBA). The activities were carried out by NSS, UBA, student and faculty volunteers.
