

2.-"Animalfarm"

Animal farm is a book and author is George Orwell which is taken between the students to develop the reading skill and was organised on 17th June 2021 and about 70+ members are present in this activity.

Animal farm by George Orwell is an allegory of the events of the Russian Revolution of 1917. It deals with the ideas of freedom, rebellion and the corrupting nature of power.

Motive is to increase the understanding of different ideology and international scenarios with the help of this good content book.

Animal Farm's fundamental message is that absolute power corrupts, in spite of being based on idealism and good intentions. The story's events are an analogy for the 1917 Russian Revolution, in which the bolsheviks removed the tsar and installed a communist dictatorship.
