S. D. Jinturkar

*Dangar*

11. The students will have freedom to use the existing facilities of the company including instruments at the premises of the group companies and / or other Institutes / Business associates with whom the company may enter allied research arrangements. As a matter of bilateral reciprocation, the Company will have freedom to utilize the facilities of the Institute.
12. The company has authorized its Technical Officer of the group to take all decisions as deemed appropriate to make this MOU a success.
13. Both parties either through the students and / or their respective supervisors / Research Guides, or in any manner will not disclose to a third party without proper authorization, any matter pertaining to the collaborative research work.
14. The company will nominate a suitable co author for technical papers if any published in journals of repute on the success of the collaborative research work. The decision of the company on the contents of the technical paper will be final.
15. The company will bear all reasonable expenses as required ONLY for the student to attend such seminars / conferences as deemed appropriate.
16. The company will have the first right of refusal to recruit such students from the institute, whether they have worked on such collaborative research with the company or not. The Institute will ensure priority selection in the campus for the company.
17. The company will have all the right to file any patent on the work as a result of any such collaborative research works. However the concerned student will be in the list of innovators / inventors in the patents.
18. As mutual benefits the company will depute its authorized representative The Technical Officer to guide and mentor all such final year students for effective campus interviews, as a reciprocation the Institute will extend all support to certify and validate the company products on efficacies etc as may be deemed appropriate and fit.
