

Report on One Day Workshop ON Use of Indian sign language (ISL) in School Teaching

(Department of Education)

Date of Event : 27 FEBRUARY, 2019

Venue : Conference Hall, Department of Rural Tech

About the University & the Department:

Guru Ghasidas Vishwavidyalaya, started its journey as a state university since 1985, is now a central university in Chhattisgarh established under the Central Universities Act, 2009. It draws about 7000 students from different parts of the country. Apart from the regular academics in the campus, the university has successfully managed to extend its services for the welfare of society.

The Department of Education is committed to bring out the best potentials of its students to develop them as empowered and envisioned leaders of Indian Education. The department possesses a team of able and sensitive teachers striving to promote among the prospective teachers and the teacher educators – a high standard of knowledge, professional skills, cultural understanding, social responsibility and synergistic progress within a truly multicultural educational environment.

Concept Note: In the present scenario inclusive education is a very highlighted topic. The inclusive education includes all types of students to give them equal opportunity for education. It provides support for teaching special need children i.e. hearing impaired, visual impaired, intellectually disabled children, etc. For teaching of these children, special supports are needed like sign language, Braille etc. Indian sign language plays a vital role to provide special support for at educational as well as behavioral and communication level in class room teaching. It helps to communicate with hearing impaired and to understand their emotion. A teacher, well skilled in using ISL is a step ahead to adapt to the new demands of an inclusive classroom.

Under the Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMNMTT) Scheme of MHRD, the department envisioned development of communication skill for inclusive and special teachers through Indian sign language by academic enrichment activities. Participants are expected to develop teaching learning skill to communicate through Indian sign language in their concerned subjects in the workshop and submit the materials & videos of their achievements.
