Subject: Sharing the Merit list of Students

Dear Madam,

First of all, we expressed our gratitude to you and the department of political science for organizing the interviews on short notice in an excellent manner.

It was an honour to attend the placement process at your esteemed University on 9th July 2022. We met the young and brilliant talent of the Department of political science. We are much overwhelmed after meeting with especially you all.

During the selection process, we were able to interview 12 students. After a deep discussion and analysis, students have been provisionally selected (Annexure – 1) and are invited to join the organization.

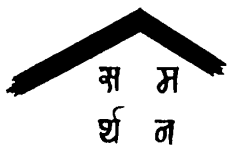

With this, we hope to have continuous communication to strengthen both institutions through various means.

Looking forward to your kind perusal.

With Regards,
