

Report on Expert Lecture by Prof. Diwakar Shukla, Dr. Harisingh Gour Central University, Sagar, MP

On 5th of August 2022 at 4.30pm Prof. Diwakar Shukla, Department of Math and Statistics, Dr. Harisingh Gour Central University, Sagar visited the department of CSIT and delivered a lecture to the PG students, PhD scholars and faculty members on Data mining under the supervision of the Head, CSIT. Initially Dr. Pushpalata Pujari invited and introduced the expert to the audience. Prof. Shukla explained very nicely about the key points of data mining and how different statistical techniques can be employed to get better results specifically in case of mining big data with different real life examples. He interacted with the students and suggested various approaches for their problems. The interaction was very fruitful and beneficial for the students and faculty members. Finally the event was completed with vote of thanks to Prof. Shukla.
