INTRODUCTION

TO - ORGANIZATION.

Dahleez Foundation, 4 years ago Today on 5 May 2019 our founder Heena Khan embarked on a mission to make a difference in the community and founded a little family "Dahleez". From that day onwards she never looked back and our little family keeps getting bigger. Many people keep joining us in this journey to make our society a better place for underprivileged children and women. For the last 4 years through various initiatives and programs, the team helped 2000+ children by providing them essential

INTRODUCTION

This report is based on the experiences I had during 15 days of internship in 'Teaching Practices' at ASEL English learning centre located at telephone exchange road, Bilaspur. I choose to do internship at an English learning centre where I can gain ideas and many new experiences and get the opportunity to practice teaching. I have learned many new things during 15 days of internship and also tried my best to adjust with the new environment.

This internship helped me to learn and develop my skills and get insight into professional setting like conducting an effective classroom learning, preparing lesson plan, patience, stress management skills, communication skill, etc. I learned how to manage time when connecting between university work, internship work and Personal work. I also learned to work with my colleagues in a professional setting. This internship was my first experience in teaching and I have tried my best to learn and experience many new things and in this report, I have attempted to highlight those experiences.

Introduction:

Internship and Teaching

Experience is the mother of all learning and an internship program suggests of experience learning, which indeed is the best kind of learning. An internship is a period of work which is offered by an institute or office, for the purpose of learning, to students. On the other hand, students too can put the institute or industry on benefit while taking exposure to working environment, relating to their specific field of study.

Internship can be done for a short period of time or for a longer period of time like a year or more. Internships can be stipend or voluntary. An internshi tends to develop one's soft skills like personal effectiveness, presentation skills, communication skills, influencing skills and creative problem solving. Internship is a great opportunity to talk directly to people and experience the role, one aspires to be and understand what it's all about and how the progress in that particular field can be achieved. It also shows the true realities of the job. Internship provide itself as a 'try before you buy' option and embark why you want to pursue a particular profession.

One needs to have an interactive approach in an internship. In its simplest form, it's the 'movement Learning based on first-hand experience'

My internship program was based on School Teaching. It was a ninety-hours internship from a Saint Mary English School, Rajendra Nagar Sanholi Khagaria (Bihar).

The working period of my internship was divided in Fifteen days, for six hours each day.

Before we proceed further, some key findings:

- Internship in a school need punctuality and disciplined behavioral approach.

Skills and Experience

★ Communication skill development

I learnt physical, verbal and written communication. Strong verbal communication means that teachers make their lesson materials and Expectations clear while presenting concepts in a way that student can understand.

★ Patience

I learnt to keep myself cool in such situation while maintaining a balance between their own expectations and the student's unique personalities.

COMPANY NAME: KRSH WELFARE
FOUNDATION

INTERN NAME:
ANJALI SAHU

POSITION:
KNOWLEDGE ANALYST

A. INTRODUCTION

About the Company-KRSH WELFARE FOUNDATION is one of those foundation which provides community -driven solutions for mental health .KRSH has a tech driven work culture and they have an in house platform to train counsellors,for psychometric assessments and to facilitate the counselling process.Using community intervention,they remove the stigma and hesitation involved in seeking help for mental wellness .

My Position - I was appointed as a Knowledge Analyst in KRSH.

Duties and Responsibilities - My day to day work included assimilation of data, understanding and evaluating them and finally converting them into a presentable form to make it attractive and informative for the readers and audiences like making videos, presentation,GIF and AI. (The content revolved around Psychology).

Orientation and Training - The orientation was taken by Muskan Singh (Counselling Psychologist) ma'am who told the newly joined interns about their organization, their objectives and their goals .She not only told us about their organization but also highlighted the different dimension of mental health and why their organization came into being.Apart from that they told us about our jobs ;that how we have to research,read and gather information and even how to manage the issues of plagiarism as our work mainly dealt with a lot of content which would be published by the organization.

Internship Goal and Objectives- The main Goal of this Internship for the company was to involve young minds to develop a society which is more advanced in thinking process and can understand issues of mental health and can deal it practically without getting ashamed of it .At my personal level I selected this foundation for my internship because I felt that,this would not only enhance my professional and technical skills apart from that this would help me to do my part for the society as an active citizen and this way I can do something for the betterment of the society.

Introduction:

Internship and Teaching

Experience is the mother of all learning and an internship program suggests of experience learning, which indeed is the best kind of learning. An internship is a period of work which is offered by an institute or office, for the purpose of industrial learning, to students. On the other hand, students too can put the institute or industry on benefit while taking exposure to working environment, relating to their specific field of study.

Internship can be done for a short period of time. i.e. one or two months or for a longer period of time like a year or more. Internships can be stipend or voluntary. An internship tends to develop one's soft skills like personal effectiveness, presentation skills, communication skills, influencing skills and creative problem solving. Internship is a great opportunity to talk directly to people and experience the role, one aspires to be and understand what it's all about and how the progress in that particular field can be achieved. It also shows the true realities of the job. Internship provide itself as a 'try before you buy' option and embark why you want to pursue a particular profession.

One needs to have an interactive approach in an internship. In its simplest form, it's the 'movement Learning based on first-hand experience'

My internship program was based on School Teaching. It was a ninety-hour internship from Anchalik High School, Urduna under the Board of Secondary Education, Odisha.

The working period of my internship was divided in Fifteen days, for Six hours each day.

INTRODUCTION

Overview of the Internship Organisation

- Jay Bharat English Medium School is a Co-Educational School affiliated to central Board of Secondary Education (CBSE), Situated in Bhilai, Baloda, Dist - Janjgir-Champa, (C.G.). The School was Established in 2007 and it is currently managed by New Oriental Educational Society. The Educational institution provide excellent learning environment for students .

Description of the position assignment

- I requested them for an internship training position in May 2023 with an application letter when the school was about to start their summer camp program for small children. They allowed me to take care of the kids and do various entertaining and educational activities with them. The work was to manage the little children along with other teachers who guided me throughout my internship period. In this program children were involved in various indoor and outdoor activities like playing games, dancing, art and craft, learning poems and songs etc.

Internship Report

- Introduction

I did my Internship from a Government Middle School of Khamikurmi, a village in the Mungeli district of Chhattisgarh. It was of a month from 1 to 30 June , 2023. I worked for 3 hours per day on daily basic. During this summer vacation, extra classes were held in which I worked under the Principal of the School who is also a teacher of English. I was given the task of handling the students, making them learn basic English Grammar and also doing some interesting talks with them about their personal problems and answering their curious questions. I was supposed to take the classes and at last Sir used to tell me that where I need improvement and where I did better.

The main objective of this Internship was to get some experience of teaching the students, to know about their mindset and thinking about a particular thing and also to do something new and interesting in my life.

- Internship Accomplishments and Achievements

I was able to make the students learn some basic grammar along with reading the chapters. Also I helped them to enhance their abilities, by letting them come in front and narrating any kind of stories as per their wish. It was a great experience and I learned a lot of things from my instructor

A. Introduction

Overview of the Internship Organisation

Earth5R is India's largest community-driven environmental platform that empowers people to create a meaningful impact on the planet. The organisation has been recognised by several Heads of Nations at the Pros Peace Forum. They are currently active in over 140 countries and have been creating an impact with the help of 100,000 citizen volunteers. Also, UNESCO has selected Earth5R as one of the top 100 global environmental projects.

The organisation helps you to connect with a community of individuals that are working towards the betterment of the environment globally through their app that lets people participate in different activities such as volunteering, internship and keeps update of several job openings for environmental enthusiasts.

Description of position assignment

I applied for a content writing internship of one month through an online website known as Internshaala. The work was to post eco-friendly practices and habits that I have incorporated in my daily life. They also mentioned several topics that were to be posted such as mindfulness, spending time with nature, using paper and cloth bags, local environmental news etc.

The benefit of the Internship as mentioned in their acceptance letter was-

- Certificate of completion
- Flexible working hours
- Mentors for enhancing your resume

Description of Internship Activities, Duties and Responsibilities

As a content writing intern, my responsibility was to post content about real world eco-friendly practices that can be followed by everyone. The management team also provided me the topics that I needed to cover in the course of one month. As per their guidelines, I can only post content about one topic along with a photograph everyday. The challenge was to keep my description of the post to a maximum of 300 words. Furthermore, I was required to participate in their challenges on the app such as reuse and upcycle, spend time with nature, India's green traditions, sustainable products and brands etc. that required me to search and write about the benefits of practising the above habits.

EXPERIENCE IN INTERNSHIP

From my internship in IT Delta Computer Institute. I was able to understand the importance of knowledge and technology and how important it is in day to day life . Though now every work is connected to the computer laptop this generation is way more connected to the technology and however it is important to learn and know . I used to teach small children who used to come to learn the basics of computer. And though that I was also able to learn many things . There I've done printing , taught children to use ms Excel and other basics of computer .

INTRODUCTION:-

During my internship period from 20-may-2023 to 15-june-2023, I had the privilege of working as an intern in the teaching department at GAURAW Digital School Manpasar, Sarsiwa Dist:-Sarangarh. During my internship, my main objective was to gain hands-on experience in the field of teaching and to develop essential skills required for a successful teaching career. I was particularly interested in learning about lesson planning, classroom management, student assessment, and effective teaching strategies. I aimed to observe experienced teachers, assist in classroom activities, and actively participate in the school's academic and extracurricular programs.

Introduction:

Internship and Teaching

Experience is the mother of all learning and an internship program suggests of experience learning, which indeed is the best kind of learning. An internship is a period of work which is offered by an institute or office, for the purpose of industrial learning, to students. On the other hand, students too can put the institute or industry on benefit while taking exposure to working environment, relating to their specific field of study.

Internship can be done for a short period of time. i.e. one or two months or for a longer period of time like a year or more. Internships can be stipend or voluntary. An internship tends to develop one's soft skills like personal effectiveness, presentation skills, communication skills, influencing skills and creative problem solving. Internship is a great opportunity to talk directly to people and experience the role, one aspires to be and understand what it's all about and how the progress in that particular field can be achieved. It also shows the true realities of the job. Internship provide itself as a 'try before you buy' option and embark why you want to pursue a particular profession.

One needs to have an interactive approach in an internship. In its simplest form, it's the 'movement Learning based on first-hand experience'

My internship program was based on School Teaching. It was a sixty-hour internship from a BILASPUR based GOVERNMENT school namely 'GOVT. PS LUKAPARA run by C.G. board of secondary education, MAHASAMUND .

The working period of my internship was divided in 15 days, for Four hours eachday.

Before we proceed further, some key findings:

- Internship in a school need punctuality and disciplined behavioral approach.

NGO Internship Report

Introduction

This report provides an overview of my internship experience with Viplav Organisation, which took place from [01/06/23] to [15/06/23]. During this internship, I had the opportunity to work with the NGO on various projects and gain valuable insights into the nonprofit sector.

Objectives

The primary objectives of my internship were as follows:

To gain practical experience in the operations of a nonprofit organization.

1. To contribute to the NGO's mission and projects.
2. To learn about the challenges and opportunities in the nonprofit sector.
3. To develop skills in project management, research, and community engagement.

ABOUT THE INSTITUTE

Digital Computer Institute Rajnandgaon is a private commercial training center which provides training relating to computer. It is mainly an institute organizing diploma courses along with the main university. It works as a branch of main institute, Dr. C V Raman University which organizes courses like DCA (Diploma in Computer applications), PGDCA (Post graduation in computer applications) and Tally Accounting. The institute helps the people of a small towns and villages to get diploma easily if they join. It provides benefit by giving the certificates of the main university without even joining.

ABOUT MY INTERNSHIP POSITION

I joined the institute for internship program. As an intern at Digital Computer Institute Rajnandgaon, I worked as an instructor and given the task of instructing the newcomers, who freshly joins the course. I used to instruct them about basic computer knowledge and about MS Word and MS Excel. As I had done the course of DCA (diploma in computer applications) it was easier for me to help them. Along with that I learned about the same from the teachers to develop myself and my skills on computer.

INTRODUCTION

As a part of Internship program of Guru Ghasidas University. I was assigned for doing my internship in teaching as a middle school teacher in Kasturba Gandhi Balika Vidyalaya which was launched by the Government of India in August, 2004 for setting up residential school at upper primary level for girls belonging predominately to the SC, ST, OBC and minorities in difficult areas. I was started working there as a Student teacher from June 11, 2023 to June 26, 2023. I was working there under experienced teachers.

The Duties were :-

- To taught English and computer subject.
- Developed creative activities including various arts and crafts.
- Assisted students with homework assignments and checked their work for errors.

Internship Report - Exam Checker

I am writing to provide a comprehensive report on my internship experience as an Exam Checker under the supervision of professor Arvind kumar jagdev and at Government Naveen college Hasoud from 01-june-2023 to 16-june 2023). This internship has been an invaluable learning opportunity, and I would like to share my insights and contributions during this period.

"1. Overview of Responsibilities:"

During my internship, my primary role was to serve as an Exam Checker, responsible for assessing and evaluating examinations according to predefined criteria and guidelines. Some of my key responsibilities included:

- Reviewing and grading examination papers, ensuring accuracy and fairness.
- Maintaining confidentiality and security of examination materials.
- Reporting any irregularities or issues encountered during the grading process.
- Collaborating with the examination team to ensure a smooth evaluation process.

"2. Skills Developed:"

Throughout the internship, I acquired and honed several skills:

- "Attention to Detail:" Grading exams required meticulous attention to detail to maintain accuracy and fairness.
- "Time Management:" I learned to efficiently manage my time to meet grading deadlines.
- "Communication:" I improved my communication skills through collaboration with colleagues and addressing any issues promptly.

INTERNSHIP REPORT

A. Introduction

I did my internship from Dabbeerz Welfare foundation as an English tuition teacher to needy children. That particular foundation works for needy childrens, for those who wants to study but somehow they are unable to fulfill their needs. I worked as a tuition teacher and I taught class 1st to 5th.

In weekends I went to government school and distribute stationary material. I learnt to work with a team and that enhanced my skills and mentality. It was very great experience to visit school and work with staffs.

As an English teacher at the Government school,
Tarbahar, Bilaspur,

INTRODUCTION

About Sai Krishi Institute :-

Sai Krishi Institute Bilaspur is a coaching institute that provides training for various agricultural courses, including the ICAR-PGSET (Post Graduate Diploma in Seed Technology) and the CGPAT (Chhattisgarh Pre-Agriculture Test). The institute is located in Civil Lines, Bilaspur, Chhattisgarh.

The institute was founded in 2013 by Mr. Gulab Rajput, who is an agricultural scientist and has over 20 years of experience in the field of agriculture. The institute has a team of experienced and qualified faculty members who are committed to providing quality education to their students.

The institute offers a variety of facilities to its students, including well-equipped classrooms, a library, a laboratory, and a hostel. The institute also organizes regular workshops and seminars to keep its students updated with the latest developments in the field of agriculture.

Sai Krishi Institute Bilaspur has a good reputation in the region and has helped many students achieve their dreams of a career in agriculture. The institute is known for its high success rate in the ICAR-PGSET and CGPAT exams.

Here are some of the courses offered by Sai Krishi Institute Bilaspur:

- ICAR-PGSET (Post Graduate Diploma in Seed Technology)
- CGPAT (Chhattisgarh Pre-Agriculture Test)
- Diploma in Agriculture
- Certificate Course in Agriculture
- Foundation Course in Agriculture
- On-Farm Training

The institute also offers guidance and counseling to its students on various aspects of agriculture, such as entrepreneurship, marketing, and financial management.

INTRODUCTION

As a part of Internship Program of GURU GHAIKAS UNIVERSITY .I was assigned for doing my internship in PWC SWITZERLAND . My program started from may 18, 2023 to June 1, 2023.. In PWC, I was assigned with cybersecurity Department where I have worked in providing basic cyber problems and there solutions to boldi AG company. .

My leaders in the internship company was Natalie Vogel and Elizabeth Ziller. The CEO and Co-founder of portal (forage) is Mr. Tom Brunskill. In my internship I was assigned some tasks to complete.

The tasks were :-

Integrated Information defense

Risk assessment

IT system security baseline

Network segmentation

Fabian is the cybersecurity director at PWC and I am helping Stephan for this project.

KEY OBSERVATIONS OF THE REPORT

- The Internship-report has been made on both experiential and research bases as to sync the experience and observations with the prevailing norms, methods and ethics, for the purpose of explanation.
- The report includes a brief about the institution I have worked with, with how it works and who (persons) runs it.
- 'Review of Literature' mainly deals with the historical context of the experience work done, and changes that occurred over the time.
- Research data has been created and added in the report that supplements the work done, for better understanding of the readers.
- The report has both experiential work (instructor's) and behavioral observation (students') mentioned in the report, which absolutely compliments each-other.

Other observations: -

- The love from students and their personal and academic growth keeps a teacher going and motivated.
- Dealing with human mind and psychology is fun, especially when they are kids or teenagers.

Introduction

I, Meha Goswami, embarked on an enriching journey as an intern at the Nature Welfare Foundation during the period from 1 June 2023 to 10 June 2023. This report encapsulates my experiences, the foundation's mission, my roles and responsibilities, and the valuable insights I gained during my tenure with this esteemed nonprofit organization.

Organization Overview

The Nature Welfare Foundation, established in 2017, is a renowned nonprofit organization dedicated to environmental preservation and wildlife protection. Its central mission is to champion sustainability and foster a symbiotic relationship between humanity and the natural world. Operating on a global scale, the foundation collaborates with governments, NGOs, and local communities to address pressing environmental challenges. Its multifaceted approach includes habitat restoration, wildlife conservation, sustainable agriculture, and climate change mitigation.

Internship Objectives

My internship at the Nature Welfare Foundation was guided by several key objectives:

Learning and Research: To acquire a comprehensive understanding of environmental conservation strategies, challenges, and solutions.

Active Engagement: To actively participate in ongoing conservation initiatives and contribute to their success.

Professional Networking: To establish valuable professional connections within the environmental sector.

EXECUTIVE SUMMARY

My editor internship at Goodway Indian Fashion Private Limited was an exciting opportunity to immerse myself in the world of fashion and gain valuable experience in editing and content creation.

Over the course of 15 days, I worked closely with the talented team at Goodway Indian Fashion Private Limited, contributing to the creation of engaging and well-researched articles. My objectives were to develop my editing skills, gain a deep understanding of the Indian Fashion Industry, enhance my writing abilities, collaborate with the editorial team, learn about content management, and gain insights into marketing helped strategies. It was a rewarding experience that helped me grow both personally and professionally.

INTERNSHIP REPORT

Title: Internship as a Teacher, Content Writer & Editor at [Sudha Society Foundation]

Internship Duration: [01-06-2023] to [15-06-2023]

Internship Location: [Raipur, CG / India]

INTRODUCTION

This report documents my internship experience as a teacher, content writer, editor at Sudha Society, where I had the privilege of contributing to the organization's mission of providing education to children in remote areas. Sudha Society is a non-governmental organization (NGO) dedicated to bridging the educational gap by offering quality education to underserved children in remote regions.

During my summer internship, I had the opportunity to work with a wonderful organization dedicated to making a positive impact in the community. My role primarily revolved teaching students in these remote areas, equipping them with the knowledge and skills they need for a brighter future. This report details my journey, responsibilities, accomplishments, challenges, and the impact of my work on children and the organization's overarching goals.

Sudha Society Foundation is a non-profit organization that focuses on various social welfare activities, including education, healthcare, and empowerment initiatives.

This report serves as a testament to the experiences, insights, and lessons learned during my internship at Sudha Society. It delves into the core of the organization, outlines my objectives as an intern, elucidates my teaching responsibilities, and reflects upon the profound impact of our collective efforts on the lives of the children and the broader goals of Sudha Society. It is a story of empowerment, resilience, and the unwavering belief that education has the power to change lives.

In the following sections, I will provide an overview of Sudha Society, outline my internship objectives, describe my teaching responsibilities, reflect on my experiences, and discuss the valuable lessons and skills I gained during this meaningful journey.

INTRODUCTION:-

I did my Internship from a coaching institute named "Achievers' Academy", a village (masturi) in Bilaspur district of Chhattisgarh. It was from 29th May to 27th June 2023. I worked for 3 hours every day. In morning I took two classes from 7am to 8am and 9am to 10am and one class in evening from 4pm to 5pm.

AIM:-

The main objective of my Internship was to gain some teaching experience and wanted to improve my ability of interaction with the students. For this, I thought of giving spoken English classes to village students who used to come to that coaching institute and to help them understand the value of English in daily life.

WORKING:-

Under my guidance, I made the students learn some basic grammar, encouraged them to speak only in English, for the development of their personality and public speaking abilities, I told students to talk on a topic each day. On the other hand, I made them to write on a topic of their wish and told them to narrate in front of everyone and made them understand numerous words used on a regular basis.

In addition I made them realize that how English is important nowadays, whether or not we get a job, being self-reliant for any work is still a degree of satisfaction that comes from

INTERNSHIP REPORT

A. Introduction

I did my internship as an English teacher at Bijuri Institute of Technology, Bijuri, Dist.- Anuppur Madhya Pradesh. That particular institute was a computer college affiliated to Mookherjee Chaturvedi Rashtriya Patrakarita Avam Sanchar Vishwavidyalaya, Bhopal MP.

As an English teacher at the institute I was assigned to teach creative writing and document drafting which includes formal and informal letters writing, notice, advertisement, note, essay, report, documentary etc.

Initially I had to give a personal interview for joining the institute and then the director gave me a small workshop on teaching ability and class management.

The goal of doing internship was to enhance my skill in field of teaching and to boost my public speaking ability.

Introduction: Internship and Teaching

Experience is the mother of all learning and an internship program suggests of experience learning, which indeed is the best kind of learning. An internship is a period of work which is offered by an institute or office, for the purpose of industrial learning, to students. On the other hand, students too can put the institute or industry on benefit while taking exposure to working environment, relating to their specific field of study. Internship can be done for a short period of time. I.e. 15 days or one month or for a longer period of time like a year or more. Internships can be stipend or voluntary. An internship tends to develop one's soft skills like personal effectiveness, presentation skills, communication skills, influencing skills and creative problem solving. Internship is a great opportunity to talk directly to people and experience the role, one aspires to be and understand what it's all about and how the progress in that particular field can be achieved. It also shows the true realities of the job. Internships provide itself as a 'try before you buy' option and embark on why you want to pursue a particular profession. One needs to have an interactive approach in an internship. In its simplest form, it's the 'movement Learning based on first-hand experience' My internship program was based on School Teaching. It was a Ninety-hour internship from a government-based school namely 'Government High School Sumedha' run by Chhattisgarh board of secondary education, Raipur. The working period of my internship was divided in Fifteen days, for six hours each day.

Before we proceed further,
some key findings:

- ✓ Internship in a school need punctuality and a disciplined behavioral approach.
- ✓ Leads to result that is that is as valuable as one's studies.
- ✓ Employees in an Educational institute values time and knowledge.
- ✓ Teachers give 'real-time' efforts to the overall goals of Education.
- ✓ The process of teaching must be Interactive, though some teachers are still finding it difficult.
- ✓ Teaching is a responsible job.

ABOUT THE INSTITUTE

After the formation of the state of Chhattisgarh, the Chhattisgarh Board of Secondary Education was constituted by the Chhattisgarh Government School Education Department's notification number F 10-5-/13/2001 Raipur 20-7-2001.

The headquarters of the division is in Raipur, the capital of the state. Four divisional offices are established at Bilaspur, Surguja, Jagdalpur, Rajnandgaon, the jurisdiction of the divisional office Surguja is Surguja, Korea, Balrampur, Surajpur and Jashpur, the jurisdiction of the Bilaspur divisional office is Bilaspur, Janjgir, Korba, Raigarh. And the jurisdiction of Mungeli, Jagdalpur divisional office has been determined in Jagdalpur, Dantewada, Bijapur, Narayanpur, Sukma, Kondangaon and Kanker and the jurisdiction of Rajnandgaon divisional office has been determined in Balod, Bemetara, Durg, Kawardha and Rajnandgaon districts.

- ◆ Education is not only for the development of mind but It also aims at developing and training various life skills that include biological, psychological, spiritual and social developments

Introduction:

Internship and Teaching

Experience is the mother of all learning and an internship program suggests of experience learning, which indeed is the best kind of learning. An internship is a period of work which is offered by an institute or office, for the purpose of learning, to students. On the other hand, students too can put the institute or industry on benefit while taking exposure to working environment, relating to their specific field of study.

Internship can be done for a short period of time or for a longer period of time like a year or more. Internships can be stipend or voluntary. An internship tends to develop one's soft skills like personal effectiveness, presentation skills, communication skills, influencing skills and creative problem solving. Internship is a great opportunity to talk directly to people and experience the role, one aspires to be and understand what it's all about and how the progress in that particular field can be achieved. It also shows the true realities of the job. Internship provide itself as a 'try before you buy' option and embark why you want to pursue a particular profession.

One needs to have an interactive approach in an internship. In its simplest form, it's the 'movement Learning based on first-hand experience'

My internship program was based on School Teaching. It was a ninety-hours internship from a Yadu Sah Gopal Jee Project Girl's High School Cum Inter College Bhagwanpur Hat Siwan (Bihar).

The working period of my internship was divided in Fifteen days, for six hours each day.

Before we proceed further, some key findings:

- Internship in a school need punctuality and disciplined behavioral approach.

INTRODUCTION

Child development is a fundamental aspect of our society, shaping the future of our world by nurturing the potential of each young mind. It is with this profound belief that I embarked on my internship journey at Social Revival Group of Urban Rural and Tribal (SROUT) an institution dedicated to providing a nurturing environment for underprivileged boys in Korba, India. This report serves as a comprehensive account of my experiences, observations, and contributions during this internship, which was undertaken as part of the requirements outlined by my college in pursuit of a degree in child development.

BACKGROUND AND CONTEXT

SROUT stands as a beacon of hope for countless young boys who have faced the adversities of life at a tender age. Situated in the heart of Korba, this institution offers a safe Heaven, education, and emotional support to children from diverse backgrounds who have been orphaned, abandoned, or face challenging family circumstances. The school accommodates approximately 18-20 boys, ranging in age from 8 to 18 years.

OBJECTIVES AND PURPOSE

The primary objectives of this internship were twofold: first, to gain practical insights into child development by working directly with the children and staff at SROUT and second, to contribute meaningfully to the growth and well-being of these young lives. This report aims to detail the journey that unfolded during my time at the school, showcasing the activities, strategies, challenges, and learnings that enriched my understanding of child development in the real world.

My experiences at SROUT were guided by a deep-seated desire to make a positive impact on the lives of these children, who, despite their early life challenges, radiated resilience, enthusiasm, and a thirst for knowledge. As I embarked on this internship, I was keenly aware that it was not only an academic requirement but also an opportunity to play a part, however small, in nurturing the potential of these young minds.

ACKNOWLEDGEMENT

Summer training has an important role in exposing the real life situation in an organization . It was a great experience for me to work on training at GOVT.HR.SEC.SCHOOL ,KOTMI(D) through which I can learn how to work in a professional challenging environment.

Now I would like to thank the people who guided me and have been a constant source of inspiration throughout the tenure of my summer training.

I wish my deep sense of gratitude to Mr. B.K. Patel whose affectionate guidance has enabled me to complete the training successfully. I also wish my deep sense of gratitude to Mr. Anurag Chawhan(HOD of English department) and other members whose guidance and encouragement made my training successful.

INTRODUCTION :-

1. DISCRIPTION OF INTERNSHIP PLACEMENT, DUTIES AND RESPONSIBILITIES

REASON BEHIND CHOOSING TEACHING AS AN INTERNSHIP

The main aim and intrinsic motivation comes from my father and mother. Both are teacher and they are ideally inspiring me since childhood. Since childhood I saw my mother and father both are motivating their students to achieve their goals. From taking inspiration from my mother and father I also want to motivate students and try to give them best quality of education by myself which helps us to make better and educated society and make the dreams of children to be fulfilled.

DISCRIPTION OF DEPARTMENT

1. TEACHING AND EDUCATIONAL DEPARTMENT

Name of the School- Govt. Higher secondary school

Address- karhi Mungeli 495001, CG

School Type – Co-ed school

School Category – Upper Primary with Secondary & Higher Secondary.

School Management – Department of Education

Medium of Instruction – Both Hindi and English

DISCRIPTION OF INTERNSHIP ACTIVITIES :-

When I went school for the first time I observed that some students are intelligent , some are average and some even don't know the basics for that I have done several activities to know them better and make friendly relation with them by which I can resolve the problem they are facing by problem solving skill based activity and making their knowledge enriched.

- Sight word reading and Storytelling.
- Nature walks & outdoor study.
- Integrated learning projects.
- Group Games & Activities.

Making a group for school projects, learning for class tests, or a group discussion

A. Introduction:

Description of Internship Placement:

Organization:

Bharat Mata Public School, Sariya was established in 2015 and is located in an urban area of Chhattisgarh. The school is providing pre-primary and upper primary level education. It is co-educational and the medium of teaching is English language.

Position assigned, Responsibilities and Duties:

Assigned as guest teacher. Extra classes were organised, I've been assigned for teaching two classes of English for grammars, course poems and stories. The classes were of 40 minutes each and rest of the hours I worked in the office assisting and helping teachers. The office work included totalling marks, maintaining registers with students names and attendance, syllabus copy writing, and maintain discipline among the students during the departure.

Internship Goals and Objectives:

To learn teaching and interacting with students. To understand discipline and responsibilities assigned to teachers. As a guest teacher, my duties were to help the teachers as much to my knowledge.

B. Internship Accomplishments and Achievements:

From this internship, I learned how to co-operate with students. The students of different age needs to be handled differently and handling the younger students felt tough. I had to monitor the students to walk in a row at the dismissal hour. That's where the importance of patience is what I learnt.

I gained a brief knowledge about the hardships a teacher goes through. Loving their work they dedicate their time to their students and I built more respect in my heart for them.

Introduction

❖ Overview of the institution

Established in the year 2007, New Vision Public School in Raipur city, is a decent English medium school in Deopuri, Raipur (C.G), providing education to the students from nursery to 12th grade.

❖ Internship Placement, Duties and Responsibilities

The school provided me with the opportunity to work as an intern with the teaching department to gain practical experience in organizing and facilitating a summer skills program within school hours, allowing me to work with children and adolescents, and developing essential skills in communication, leadership, and teamwork.

I had the chance to teach basic communication skills and creative writing craft to the students of various age groups, under the supervision of their respective class teachers.

This module helped the students to enhance their skills to present their thoughts and ideas, not just in school but also in their surroundings, and it even inspired the teachers to fuel and channelize the student's imagination and creativity in their future endeavours.

As an academic student this experience has also shaped me to gain skills of leadership, teamwork, classroom management and communication, and has provided me with significant growth as an aspiring future educator.

(MENTOR)
SEEMA DASH

Introduction

Overview of Organization

In Chhattisgarh, Swami Atmanand dedicated his life to serving humanity. He has selflessly devoted his life to the tribal people and inspired young people by teaching them about compassion and serving others. To honour his legacy, the Swami Atmanand English Medium School Scheme was introduced. On November 1 2020, to mark Statehood Day, Chief Minister Bhupesh Baghel unveiled the Scheme.

A crucial factor in assessing a country's progress, along with access to healthcare and economic growth, is education. A nation can gain enormous benefits from investing in education in a variety of ways. And Chief Minister Bhupesh Baghel made such a significant investment in Swami Atmanand Excellent English Medium School that many future generations will profit from it.

Swami Atmanand English Medium School is a chain of English medium school established by Government of Chhattisgarh. The school is completely funded by Department of School Education, Government of Chhattisgarh. The education is free of cost till grade 8, afterward there is a nominal fee till grade 12. This program aims to give talented students from the economically underprivileged segment of society an equal opportunity to succeed. As of November 2022, 279 schools have been opened including highly qualified teams of teachers and school heads that guarantee each student's overall growth and the chance to follow their passions. I was accepted for the internship at the SAEMS Khadgaon.

Vision and Duties

Chief Minister Bhupesh Baghel's vision behind this scheme is to establish educational institutions in Chhattisgarh that have excellent facilities at par with private schools but are accessible and affordable for the parents of economically weaker sections of society as well. Old Preexisting government schools were also involved in the same order scheme to give this plan a tangible form. First and foremost, these preestablished schools' infrastructure was upgraded. Buildings were restored, classrooms received a fresh coat of paint, and outdated blackboards and green boards were swapped out for smart boards. New comfort batch workstations were installed in place of the obsolete bench table. Modern science apparatus was installed in newly constructed, functional labs.

In a school, a teacher is the most crucial necessity. English-medium instructors were therefore deputed from other schools to fulfill this requirement. Furthermore, contract teachers with subject-specific expertise were hired. There were put together teacher training programs. Smart boards were fitted for an audio-visually assisted interactive teaching and learning environment. The kids could comprehend the topic better as a result of this.

INTERSHIP REPORT

The Dahleez Foundation

Introduction —

"As a dedicated and compassionate educator (evening tuition tutor), I have had the privilege of serving as a teacher at the "Dahleez Welfare foundation" for the past 2 months. My journey in the remarkable institution has been profoundly rewarding.

Allowing me to make a meaningful impact on the lives of disadvantaged children while fostering their holistic development. Through innovative teaching methods, nurturing mentorship, and a deep commitment to their well-being, I have strived to create a safe and inspiring learning environment where every child has the opportunity to thrive."

INTRODUCTION

About Hamari Pahchan NGO:-

Hamari Pahchan is a Delhi based NGO which was founded by Mr. Tarun Mathur. Hamari Pahchan aims at improving the lives of the underprivileged and poor people by providing them with day to day basic necessities like access to healthcare, menstrual hygiene for poor women and quality education for the underprivileged children. They also work to provide skill development to the rural and poor women so that they too can create their own 'Pahchan'. Major campaigns run by Hamari Pahchan include Sukhad (promoting awareness about menstrual hygiene), Drishti (to educate poor kids) and Malnutrition working to eradicate hunger and malnutrition.

As an intern at Hamari Pahchan, I was given the option of working on one of these areas. I chose malnutrition, which kills more than 3 million people every year and is one of the world's most obvious problems. Since this was my first encounter with an NGO, I learned more and more about how these organizations work to help society. In addition to the social work that we interns immersed ourselves in while working for Hamari Pahchan, we also had the opportunity to develop and enhance our own creative and communication skills, sometimes through the impactful posters that we learned to create, the writing work that we did, or the videos that we made to encourage more and more people to do their part in bringing about the much-needed change in the lives of the poor and needy. Every day, I had new tasks to complete, and I worked to raise funds for the various campaigns. Through this internship, I learned about how the NGOs' staff works, how they raise money, and how they try to improve things for the poor.

About Marpu Foundation:-

The Marpu Foundation is a government non-profit organization in Hyderabad, Telangana. Its primary mission is to improve the lives of people from lower socioeconomic groups, particularly those from rural areas and the underprivileged. It collaborates with other organizations to run a variety of programs in various states in order to significantly improve society. It focuses on education and agriculture promotion, poverty and hunger elimination, forest conservation, and increasing biodiversity. Additionally, it raises youth awareness of various aspects of society. I had applied here through Internshala for one week internship program where interns were given different tasks relating content writing internship. It provides a 1 week internship which gives
