BRIEF REPORT

ON

INDUCTION PROGRAM

(SESSION-2022-23)

B.TECH. FIRST YEAR

SCHOOL OF STUDIES OF ENGINEERING & TECHNOLOGY

GURU GHASIDAS VISHWAVIDYALAYA, BILASPUR

Table of Content

# 1. SCHEDULE OF PROGRAM

## 1.1 Programme schedule for Chemical, Civil, Industrial Production and Mechanical Engineering for first week (01/12/2022 to 07/12/2022)

AICTE Student Induction Programme Schedule Dated 01-12-2022 to 07-12-2022
(CHEMICAL/CIVIL/INDUSTRIAL PRODUCTION/MECHANICAL)

| Date	Time	Topic	Speaker	Faculty-Incharge/Volunteers	Venue
01-Dec-2022	11:00 am to 12:00 pm	Ind-1 Introduction, Welcome Speech and need for induction	-----	Co-Coordinator B.Tech 1st Year/Volunteers from GFG club (Student chapter)	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Introduction of various student clubs	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
02-Dec-2022	11:00 am to 12:00 pm	Ind-2 Other Feelings in Relationship Justice	Dr. Amit Dewangan	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Central and Departmental Library Visit	------	Respective B.Tech. First year Class In-charges/ Volunteers from club	Central Library
05-Dec-2022	11:00 am to 12:00 pm	Ind-3 Harmony in the family respect	Mrs. Aradhana Soni	Respective B.Tech. First year Class In-charges/ Volunteers from club	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Departmental tour (CH/MECH/IPE/CI)	Student Volunteers (Chemical)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
6-Dec-2022	11:00 am to 12:00 pm	Ind-4 Direct Indirect relationship	Dr. Anil Kumar Soni	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
	12:00 pm to 01:00 pm	Departmental tour (MECH/IPE/ CH/CI)	Student Volunteers (Mechanical)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
07-Dec-2022	11:00 am to 12:00 pm	Ind-5 Happiness to be Harmony	Dr. Ghosana Jyoti	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Departmental tour (IPE/CH/ MECH/CI)	Student Volunteers (Mechanical)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.

1.2 Programme schedule for Computer Science & Engineering, Electronics & Communication and Information & Technology for first week (01/12/2022 to 07/12/2022)

AICTE Student Induction Programme Schedule Dated 01-12-2022 to 07-12-2022
(COMPUTER SCIENCE/INFORMATION TECHNOLOGY/ELECTRONICS)

| Date	Time	Topic	Speaker	Faculty-Incharge/Volunteers	Venue
01-Dec-2022	2:00 pm to 3:00 pm	Ind-1 Introduction, Welcome Speech and need for induction	----	Co-Coordinator B.Tech 1st Year/Volunteers from GFG club (Student chapter)	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Introduction of various student clubs	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
02-Dec-2022	2:00 pm to 3:00 pm	Ind-2 Peer Pressure	Dr. Princy Matlani	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Central and Departmental Library Visit	-----	Respective B.Tech. First year Class In-charges/ Volunteers from club	Central Library
05-Dec-2022	2:00 pm to 3:00 pm	Ind-3 Justice	Mr. G. P. Dewangan	Respective B.Tech. First year Class In-charges/ Volunteers from club	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Departmental tour (IT/ECE/CSE)	Student Volunteers (IT)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
6-Dec-2022	2:00 pm to 3:00 pm	Ind-4 UHV	Dr. Atul Sahu	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
	3:00 pm to 4:00 pm	Departmental tour (ECE/ IT/CSE)	Student Volunteers (ECE)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
07-Dec-2022	2:00 pm to 3:00 pm	Ind-5 Understanding Happiness	Mr. Manish Bhaskar	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Departmental tour (CSE/ECE/ IT)	Student Volunteers (CSE)	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.

1.3 Programme schedule for Chemical, Civil, Industrial Production and Mechanical Engineering for first week (08/12/2022 to 14/12/2022)

AICTE Student Induction Programme Schedule Dated 08-12-2022 to 14-12-2022
(CHEMICAL/CIVIL/INDUSTRIAL PRODUCTION/MECHANICAL)

| Date	Time	Topic	Speaker	Faculty-Incharge/Volunteers	Venue
08-Dec-2022	11:00 am to 12:00 pm	Ind 6 Harmony in Self	Mr. Prateek Gupta	Co-Coordinator B.Tech 1st Year/Volunteers from GFG club (Student chapter)	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Departmental tour (CI /IPE/CH/ MECH)	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
09-Dec-2022	11:00 am to 12:00 pm	Ind 7 Role of family, society, educational institution in inculcating human values	Mr. Vinod Kumar	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Lecture on: How to initiate Startup	Mr. Abhijit Tripathy (Presear Softwares PVT LTD) Mr. Pranav Rajveer (Logicalloops LTD)	Respective B.Tech. First year Class In-charges/ Volunteers from club	Central Library
12-Dec-2022	11:00 am to 12:00 pm	Ind 8 Harmony in the family	Mrs. Sonal Banchor	Respective B.Tech. First year Class In-charges/ Volunteers from club	E-classroom, New IT building.
	12:00 pm to 01:00 pm	Nexus presentation	Student Volunteers & Faculty incharge Nexus	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
13-Dec-2022	11:00 am to 12:00 pm	Ind 9 Harmony of self with the body	Mr. Rochak Pandey	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
	12:00 pm to 01:00 pm	Training & Placement in SoS, Engineering & Technology	Student Volunteers & Faculty incharge T&P	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
14-Dec-2022	11:00 am to 12:00 pm	Student Feedback for Induction program (Overall) Student Feedback for UHV classes in Induction/Co and Extra curricular activities	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
	12:00 pm to 01:00 pm			Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.

1.4 Programme schedule for Computer Science & Engineering, Electronics & Communication and Information & Technology for first week (08/12/2022 to 14/12/2022)

AICTE Student Induction Programme Schedule Dated 08-12-2022 to 14-12-2022
(COMPUTER SCIENCE/INFORMATION TECHNOLOGY/ELECTRONICS)

Date	Time	Topic	Speaker	Faculty-Incharge/Volunteers	Venue
08-Dec-2022	2:00 pm to 3:00 pm	Ind 6 UHV	Dr. Amit Jain	Co-Coordinator B.Tech 1st Year/Volunteers from GFG club (Student chapter)	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Lecture on: How to initiate Startup	Mr. Abhijit Tripathy (Presear Softwares PVT LTD) Mr. Pranav Rajveer (Logicalloops LTD)	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
09-Dec-2022	2:00 pm to 3:00 pm	Ind 7 Happiness Index	Ms. Preeti Singh	Respective B.Tech. First year Class In-charges/ Volunteers from clubs	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Nexus presentation	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from club	Central Library
12-Dec-2022	2:00 pm to 3:00 pm	Ind 8 Harmony of the self with the body	Mrs. Bhawana Shukla	Respective B.Tech. First year Class In-charges/ Volunteers from club	E-classroom, New IT building.
	3:00 pm to 4:00 pm	Training & Placement in SoS, Engineering & Technology	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
13-Dec-2022	2:00 pm to 3:00 pm	Ind 9 UHV	Dr. Atul Kumar Sahu	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building
	3:00 pm to 4:00 pm	Extra curricular activities (University based club: Tarang, Udaan etc.)	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
14-Dec-2022	2:00 pm to 3:00 pm	Student Feedback for Induction program (Overall) Student Feedback for UHV classes in Induction/Co and Extracurricular activities	Student Volunteers	Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.
	3:00 pm to 4:00 pm			Respective B.Tech. First year Class In-charges/ Volunteers from respective department	E-classroom, New IT building.

2. GENERAL

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparation. The main purpose of the Student Induction Programme is to help new students adjust and feel comfortable in the new Environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self - exploration.

After two academic years being run on online mode due to the pandemic, this year our School of Studies of Engineering & Technology, Guru Ghasidas Vishwavidyalaya had the induction programme in offline mode for the B.Tech. students of the year 2022-2026. All the students participated enthusiastically in this programme which was held from 1st December 2022 to 16th December 2022 in the E-classroom of New IT building in two shifts.The first shift was from 11:00 am to 01:00 pm for the students of Chemical, Civil, Industrial Production and Mechanical Engineering branch while the second shift from 02:00 pm to 04:00 pm for the students of Computer Science & Engineering, Electronics & Communication and Information & Technology branch. The day to day activities, lectures and other activities during the induction is given in subsequent section.

3. DAY 1

3.1 First day first half

The induction Programme had a great start at 11 am by our host for the overall event connecting to the students and making the environment friendly for our nervous B.Tech. 1st year students. The event began with the lamp lighting. Lightning a lamp in the beginning spreads divine grace and spreads positivity by dispelling darkness. Then as an honor for the dignitaries samplings were presented to them for their presence in the event. Then a warm welcome speech was delivered by B.Tech. First year coordinator Mr. Nikhil Kumar Verma. He tried to make the students comfortable. Then our dean sir Prof. Sharad Chandra Srivastava, Head of the Department of Industrial Production Engineering, took the stage to give a brief introduction to the students about the campus and welcomed the fresh champs in their new journey of life explaining them the need for induction. The event continued with remarkable and delightful words from the Senior professor Prof. Mukesh Kumar Singh and Head of Departments of all the three branches i. e. Prof. T. V. Arjunan, Head of the Department of Mechanical Engineering, Dr. Ashish Kumar Parashar, Head of the Department of Civil Engineering and Dr. Raghvendra Singh Thakur, Head of the Department of Chemical Engineering. Every Head of the Department tried to motivate all the students present there with their keen knowledge and vast experience. The students took these optimistic lessons and were thankful to all the Head of the Departments for spending their valuable time with them. Then the co-coordinator Mr. Vishnu Yadav ended the formal introductions with the vote of thanks summarizing the overall oration and thanking each one for their splendid and booster speeches for the B.Tech. 1st year students. The last event for the first half students was the fiery presentation by our university's GDSC club which motivated the students to become developers. Even though they were from non-tech fields still they built a huge interest in the developing platform and were keen to explore more about the same. This was how the first shift ended. Some of the glimpse of first day first day first half are shown below.

3.2 First day second half

The Second shift started at 02:00 pm by host for the evening.The event began with lamp lighting spreading the divine energy removing darkness, ignorance and negativity. Then as an honor for the dignitaries samplings were presented to them for their presence in this event. Then a warm welcome speech was delivered by B.Tech. first year coordinator Mr. Nikhil Kumar Verma. He tried to make the students comfortable with his words. Then our dean sir Prof. Sharad Chandra Srivastava took the stage to give a brief introduction to the newly admitted students about the campus and greeted in their most important journey of life explaining them the need for induction. The event continued with impactful and delighted words from the Head of Departments, Dr. Alok Kumar Kushwaha, Head of the Department of Computer Science and Engineering, Dr Rohit Raja, Head of the Department of Information Technology and Mrs. Bhavana Shukla, Head of the Department of Electronics & Communication Engineering. Every Head of the Department and teacher tried to motivate all the new beginners present there with their keen knowledge and vast experience. The students took these optimistic lessons and were grateful to all the Head of the Department for spending their precious time with them. Then the co-ordinator Mr Vishnu Yadav ended the formal introductions with the vote of thanks summarizing the overall addressing and thanking each one for their splendid and booster speeches for the 1st year students. The last event for the second half students was the incentive presentation by the Geeks for Geeks club of our university. Started with Ms. Sweta Raj, Chairperson of GFG, student chapter, GGV with motivational words experience and learning while starting the club then followed by every team members .The club inspired the students to boost themselves in the coding world and introduced all the teams of the clubs to the students so that the student joins the domains as per their interests and possesses the resources and explores their talents. The event ended with an excellent quiz for all the students present to fresh their moods by our host.The winners of the quiz were awarded with exciting gifts to make their first day of college memorable. This is how the first day of induction ended. Some of the glimpse of first day second half are shown below.

4. DAY 2
4.1 Second day first half

The second day of the Induction Programme hosted by our host began at 11:00 am. Dr. Amit Dewangan, Assistant Professor, Department of Information Technology was handed over the stage to address the new students explaining to them other feelings in Relationship Justice which is a very important topic for awareness during the beginning of college life for the students. Justice is the recognition of values in human relationships. This is the time where most of the students get easily diverted into the wrong company and end up having a lot of troubles and regrets in their life. This informative session had spread awareness among them in choosing the right people around them and walking up on the correct path in life. The day continued with the university tour from 12:00 pm to 01:00 pm. The students were first taken to the workshop building. They were amazed to see such wonderful tools in the workshop. Then they were headed towards the Sports arena of the university inspiring them to practice sports as per their interests on the ground in the upcoming times. The students were then taken to the Old IT Building to show them where they are supposed to come everyday to take their 1st year classes. They were then shown the locations of Central and Departmental libraries along with the university canteen to show them the location where they can spice their tastes up. They were then taken to see the auditorium to make them aware about where the university (academic, co and extra curricular) programmes take place. The students were then taken to the administrative building to show them different departments like examination, finance, academic, development etc. Sections. They were then dispersed and this was how the first shift of the day ended. Some of the glimpse of second day first half are shown below.

4.2 Second day second half

The second shift of the day began with the host welcoming Dr. Princy Matlani, Assistant Professor, Department of Computer Science and Engineering to address the 1st year students on the topic of peer pressure. It is one of the most important topics to be brought forward. Peer Pressure is when you do something because you want to feel accepted and valued by your friends. It is one of the stages which every student goes through in the early stage of life. In colleges where every student comes from different backgrounds wants to get accepted and tries to mold themselves according to the people around them. Due to this a student develops a lot of pressure and forgets about the rest of the things. The outcome of this is that he/she ends up hurting themselves and putting themselves in troubled situations. Speaker motivated the students to be themselves and not to get influenced by the negative surroundings in an impact ful way. The students understood her points and cleared the rest of their doubts from her by asking all the bluffs going on in their minds and prepared themselves to face all the upcoming challenges strongly. The event continued with the university tour from 03:00 pm to 4:00 pm. The students were first taken to the workshop building. They were astonished to see such magnificent tools in the workshop. Then they were headed towards the Sports Playground inspiring them to practice sports as per their interests on the ground in the upcoming times. The students were then taken to the Old It Building to show them where they are supposed to come everyday to take their 1st year classes. They were then shown the locations of Central and Departmental library to show them where they can access all the books including novels and all the department level books along with the university canteen to show them the location where they can spice their tastes up. They were then taken to see the auditorium to make them aware about where the university programmes take place. The students were then taken to the administrative building to show them where all the paper and documentation work takes place. They were then dispersed. This was how the second shift of the day ended with exploring and a lovely experience. Some of the glimpse of second day second half are shown below.

5. DAY 3

5.1Third day first half

Morning session of day 3 began with clearing doubt by Ms. Sweta Raj pre pre-final year student of IT Dept, followed by an amazing note on harmony in families and how respect is the foundation of any relationship, which was delivered by Mrs. Aradhna Soni, Assistant Professor, Department of Information Technology. Soon after, the students of the chemical engineering department presented the chemical department of the university and introduced themselves and their entire functioning to the audience. They told the audience of the amazing lab facilities and various perks provided by the department to the students. Some of the glimpse of third day first half are shown below.

5.2 Third day second half

The afternoon session included an informative session on justice by Mr. G. P Dewangan, Assistant Professor, Department of Chemical Engineering. From 03:00 pm presentation of the Information Technology Department, was concluded by the department of Information technology where the students were presented with the amazing role of the IT engineers in this era, also the scope and various source of learning so that they can easily access them also they have cleared basic misconception about the pursing B.Tech. degree after that session has been forwarded with coding what it is? Why do we need this? Importance of it and also when to start? Where to start? and how to start? Apart from coding there are various sectors to explore the scope of department and its functioning in the university. Placement ratio of previous years, about faculty members of the IT department. They have also given basic idea of attendance importance and do's and don't in the department. The students of the IT department talked about their first class lab infrastructures and how the department has been excelling under their amazing faculties and their guidance. Some of the glimpse of third day second half are shown below.

6. DAY 4

6.1 Fourth day first half

Morning session of day 4 began with an informative note on direct and indirect relationships in daily life and how we should deal with each of them. This was delivered by Dr. Anil Kumar Soni, Assistant Professor, Department of Electronics & Communication Engineering. Soon after, the students of the mechanical engineering department of the university took over and introduced themselves and their entire functioning to the audience. They told the audience about the amazing lab facilities and various projects ongoing in the department to the students and encouraged them to be active in the departmental activities. Some of the glimpse of fourth day first half are shown below.

6.2 Fourth day second half

The afternoon session included an informative session on Human Values by Mr. Vinod Kumar, Assistant Professor, Department of Civil Engineering. The day was concluded with a bang by the department of Electronics and Communication engineering where the students were presented with the amazing role of the department and its functioning in the university. The students of the ECE department talked about their first class lab infrastructures and how the department has been excelling under their amazing faculty and their guidance. Some of the glimpse of fourth day second half are shown below.
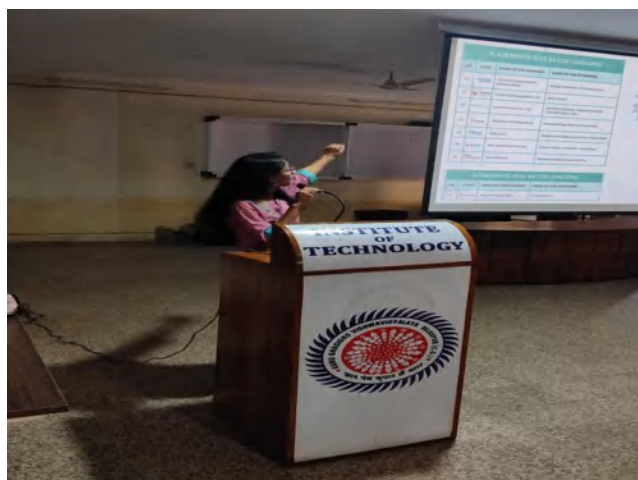

7. Day -5

7.1 Fifth day first half

The morning session of day 5 illuminated the students with an enriching and informative note by Dr. Ghoshna Jyoti, Assistant Professor, Department of Chemical Engineering on Happiness to be Harmony stressing on the equivalence between inner joy and mental peace and ways to deploy one's conscience towards holistic growth. The session was forwarded with energetic and enthusiastic inputs by the students of the IPE department of the university who justified their zeal with their amazing presentations on the infrastructure and functioning of the department. The students were gushed with fervor and were motivated to participate in departmental activities at the conclusion of the morning session. Some of the glimpse of fifth day first half are shown below.

7.2 Fifth day second half

The afternoon session was enlightened by Mr. Manish Bhaskar, Assistant Professor, Department of Mechanical Engineering with his valuable notes on Understanding Happiness, opening different dimensions for the students to approach and attain happiness of the truest form. The students of the Computer Science Engineering department of the university took over the session creating an intellectual and knowledgeable aura for the audience with their motivating and noteworthy presentation on the infrastructure, functioning, and lab facilities of the department creating a grand impression among the audience. The session concluded with the students of CSE department informing them about the milestones and achievements accomplished by the department under the surveillance of their distinguished and incredible faculty. Some of the glimpse of fifth day second half are shown below.

8. DAY 6

8.1 Sixth day first half

Today's induction session commenced with a speech on 'Harmony In Self' given by Dr. Atul Kumar Sahu, Assistant Professor, Department of Industrial & Production Engineering. After this, Departmental presentation of Civil Engineering Department took place.Various students from different years (of the same) represented the department by giving the freshmen introduction on the faculties, labs, importance, advantages, scopes, clubs, associations, its impact on the world and other things; and guided their ways on various domains (aspects) of the same. Some of the glimpse of sixth day first half are shown below.

8.2 Sixth day second half

2nd half, Dr. Amit Jain, Associate Professor, Department of Chemical Engineering conveyed his speech with some guidance and motivation.Following his speech, CHALCHITRA - the short film club of the university introduced itself to the freshmen describing about their work,achievements and its importance for University.They also introduced the team members and the team members shared their experiences and talked about the successful former members of the respective club.At the end, they guided students on how to join the club and cleared doubts of students regarding the same. Next, Mr. Abhijeet Tripathy and Mr. Pranav Rajveer, from final year CSE talked about their startups, namely Presear Software Pvt. Ltd. & Logicalloop Pvt. Ltd respectively.They shared their experiences of their journey,describing upon ways how to initiate a start-up, ways to build and run a start-up, etc which attracted the interests of the budding entrepreneurs among the freshers.They also shared the importance and benefits of their startups for the welfare of students followed by a doubt clearing session on the same.The session wrapped up with questionnaire based on the entire day and previous days of induction followed by a cheerful campus tour. Some of the glimpse of sixth day second half are shown below.

9. DAY 7

9.1 Seventh day first half

With a fresh booming and blooming day, Students gathered again into the E-classroom, New IT building, SoS, E&T, GGV for a new day of induction session. New minds in the field got started with a really exciting and informative session by Mr. Vinod Kumar, Assistant Professor, Department of Civil Engineering about enhancements of skills, universal values, role of family, society, educational institutions, etc in inculcating human values to benefit the students in their respective lives. Following it, Dr Amit Kumar Khaskalam, Assistant Professor, Department of Information Technology spoke upon the code of conduct the students need to follow during their whole course in front of students of Civil Engineering, Mechanical Engineering, Chemical Engineering and Industrial & Production Engineering. Then after the session was taken over by two of the well-known entrepreneurs of the institute- Mr. Abhijit Tripathi (Presear Software PVT LTD) and Mr. Pranav Rajveer (Logicalloops LTD UK) describing upon ways how to initiate a start-up, ways to build and run a start-up, etc which attracted the interests of the budding entrepreneurs among the freshers.Some of the glimpse of seventh day first half are shown below.

9.2 Seventh day second half

In the 2nd half of the day, first year students of Computer Science and Engineering, Information Technology and Electronics and Communication Engineering showed up as per their schedule. It all started with a wonderful session about happiness indexes in one's life by Ms. Preeti Singh, Assistant Professor, Department of Civil Engineering which gave all the freshers a new motivation to live life with least stress. After it, Ms. Sweta Raj communicated for a short moment with the students to motivate them to overcome stage fear followed by Dr. Amit Kumar Khaskalam, Assistant Professor, Department of Information Technology speech upon the code of conduct the students need to follow during their whole course. Finally, NEXUS- Alumni Student Interaction Cell presented their team in one of the most intriguing and interactive ways possible proving the team's claim to be the chillest in the whole university. In the event, the team members talked about alumni, alumni meet, other major events conducted by nexus and also about different skills that one learns through the team. The questionnaire was the most engaging part answering which students got rewards. In the end, the day winded up well with a hope of getting better everyday in all the possible ways. Some of the glimpse of seventh day second half are shown below.

10. DAY 8

10.1 Eighth day first half

With the gleaming sun, a fresh induction programme of day 8 started with the pouring of new opportunities to come up. It all began with a great session about Harmony in the family delivered by Mrs. Sonal Banchor, Assistant Professor, Department of Civil Engineering describing the role and importance of the very same in front of 1st year students of Civil Engineering, Mechanical Engineering, Chemical Engineering and Industrial & Production Engineering. Just after this, Team NEXUS-Alumni Student Interaction Cell, took the stage to present their team in one of the most interactive ways possible . In the event, the team members talked about alumni, alumni meet, other major events conducted by nexus and also about different skills that one learns through the team, self experiences, and many more. People really liked the event and the chillness and good going of the session. In between the NEXUS session, there was also a short and very informative session by an anti-ragging cell to spread information about ragging and how to tackle and prevent them proving our university as zero ragging university. The questionnaire in the nexus event was the most engaging part answering which students got rewards. This ended up the first half of the day all in all in a great way. Some of the glimpse of eight day first half are shown below.

10.2 Eighth day second half

With the starting of the 2nd half, Mrs. Bhawna Shukla, Assistant Professor, Department of Electronics & Communication Engineering grabbed the interests of all the 1ˢᵗ year students of Computer Science and Engineering, Information Technology and Electronics and Communication Engineering into the topic- "Harmony of the self with the body" motivating everyone to get along with the self needs and to achieve milestones. Thereafter, Student Volunteers of Training and Placement Cell of the university took over to describe the status, approaches, ways to crack opportunities, and about many more which educated all the freshers to know the way to achieve their dreams and the highest ,average and lowest package of the college With all these, day 8 induction programme got concluded with a new motive to define new goals and mesmerizing memories.Some of the glimpse of eight day second half are shown below.
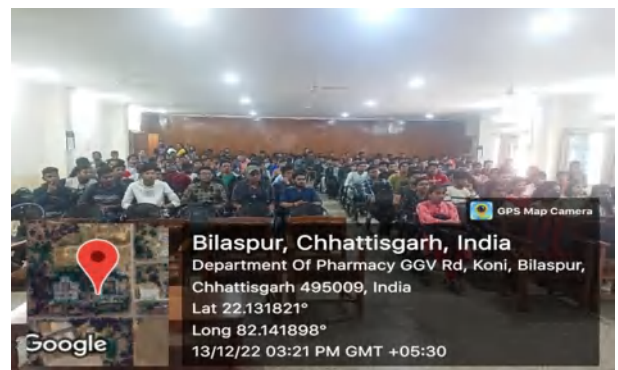

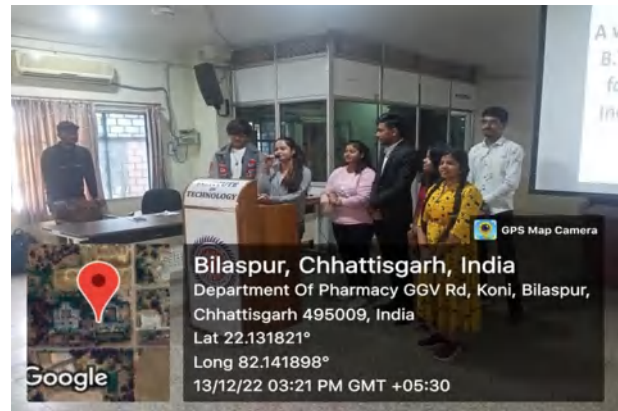

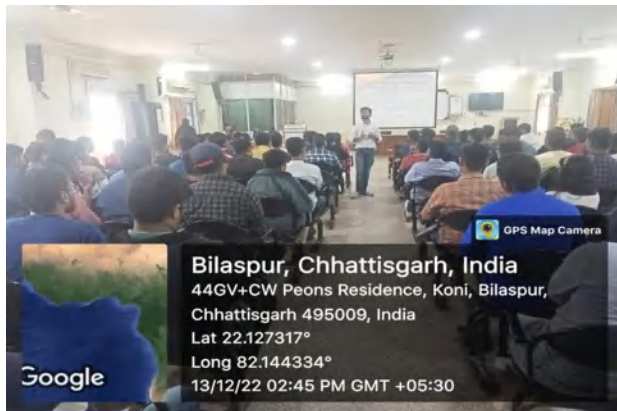

11. DAY 9

11.1 Ninth day first half

Day 9 of the induction program begins at 11 AM. The Chemical, Civil, Mechanical and IPE departments students in the induction program have been getting on fine with Mr. Rochak Pandey, Assistant Professor, Department of Civil Engineering. He spoke about the harmony of self with the body, prosperity, and health. It was a really good discussion and it really made everyone think about what he said. He also explained to us how success is not always related to money, but rather your health and other aspects of life that were mentioned. We were all pleasantly surprised by how empowering it was.In the noon segment, senior students from the university's Placement cell presented a talk to us. They know what placements mean to young graduates. They offered us a complete idea of it with their advice and ideas. This session explained various ways of getting placements in well-reputed organizations. It also talked about what you could do to improve your skills in your area of interest and how placement cells help achieve every goal pertaining to placements. Depending on your industry, make use of our university's placement cells to find out about organizations and keep in touch. Some of the glimpse of ninth day first half are shown below.

11.2 Ninth day second half

After an hour's break from 1 PM to 2 PM, we begin with the CSE, IT, and ECE students, Mr. Prateek Gupta, Assistant Professor, Department of Mechanical Engineering showed us how meditation can help us to be more focused and calmer on a daily basis, as well as conscious of what we're working on and thinking about important aspects to our lives. He also taught about how to maintain inner peace and the impact it can have on lives. After that, Mr. Agnivesh Pandey, Assistant Professor, Department of Information Technology has been reminding the newly admitted batch of the Anti-ragging cell and giving them guidelines on how to collaborate with us. To report any such case to the cell if they happen to encounter any in the future.In the afternoon, different clubs were introduced at the induction program. First, Tarang starts introducing their singing talents to people here followed by Abhinartan who introduces their dancing talent. The drama club of GGV, Urchins, in turn, was followed by the Udaan team, the team who work on the student magazine of GGV. The teams actually made us know how many people are working to make everything work well and how many minds are associated with every single task happening. They talked about their workflows and ways to make things happen. The ways to join the team and Day 9 ends with a round of applause for all the teams. Some of the glimpse of ninth day second half are shown below.

12. DAY 10

12.1 Tenth day first half

The First half of the programme started with introducing all the clubs around the university.The first club which came forward to introduce themselves to the freshmen was Tarang, the official music band of University .They shared their club's working and also gave a preview of the jamming sessions they conduct and shared the recruitment process. The next club which came was Abhinartan, the dance club.They shared the experiences which they have gained while being a part of the club and shared the encouragement of joining the club among the first year students. Following Abhinartan, the Urchins, University's drama club, took the stage and shared their club's achievements with everyone and also did a small exercise with the students to give a glimpse of how theater skills are developed. Next was Udaan ,the club which publishes the official magazine of the University.They enlightened everyone with all the positions present in the club and shared the fun instances which they got to experience in the club.After the introduction of clubs , a Fun Segment was conducted.All the freshmen present in the induction showcased their great skills. Some of the glimpse of tenth day first half are shown below.

12.2 Tenth day second half

In the second half of the induction, students were asked to provide their feedback and to share with each other the valuable qualities they are taking with them that they have acquired from all the UHV classes that they attended in past induction sessions. After that a session was conducted on LInkedIn how to use most of it? Also how is it going to help in placement? Additionally, students were given the opportunity to showcase their extracurricular skills in another fun segment As the induction programme came to a close, juniors became more enthusiastic about their upcoming college journey because of the uplifting ending. Some of the glimpse of tenth day second half are shown below.

13. DAY 11

13.1 Eleventh day first half
