A Brief Abstract of the Event:

The objective of this event World Youth Skills Day (WYSD) 2022 is to celebrated globally by United Nations on 15th July every year to acknowledge the importance of skilling young people for a sustainable employment generation and celebrate the brave efforts taken by such people of all age groups towards implementing their skills and converting them into successful and

sustainable business models. The day stresses on the importance of providing proper training to the youth and creating skills for decent work, employment and entrepreneurship.

In 2014, the UN decided to observe July 15 as world Skill Day annually. The first world youth skills day was celebrated on 15 July 2015 and has been observed ever since then. Skill development is one of the essential ingredients for India's future economic growth as the country transforms into a diversified and internationally-competitive economy. Skill development is going to be the defining element in India's growth story. Firstly, we need to re-define the relationship of education, employment and skills development. Secondly, as a very large population, India would never be able to up skill all of its youth across the country through the conventional education framework.

Government alone cannot accomplish this task. It calls for a concerted effort of government, government organization private players and NGOs to address the issue in a comprehensive manner. If India is to gain its rightful place in the world, reap equal benefits and opportunities for all and rise from the debris of poverty and several other pressing issues, skills development will require to be given a place right on top of national priorities. With these words, once again I welcome, you all at this inauguration ceremony.

Aims of this programme:

To assure the skill development of the new generation of youth is a national necessity and will provide the base for a self-reliant (Atmanirbhar) India

Objectives point wise:

1. To establish skill development of the new generation as a national need and is the foundation of Aatmnirbhar Bharat as this generation will take our republic from 75 years to 100 years.
2. To establish the skilling strategy for your youth to ensure that India is able to provide the solution to the global need for smart, skilled manpower.
3. To assure the mission to skill, re-skill and upskill of our youth to be continued undeterred.
4. To give momentum to Skill India Mission by capitalizing the gains for last 6 years
5. To celebrate the skills as part of our culture. It is the call for due regard for skilled workers in society. More than 1.25 crore youth have been trained under 'Pradhanmantri Kaushal Vikas Yojna'. India providing smart and skilled man-power solutions to the world which are at the core of our strategy of skilling our youth

6. To facilitate India's skilled workforce towards an effective battle against pandemic.
7. To take Mission about killing, re-skilling and up-skilling the youth which should go on relentlessly so that Skill India Mission may be fulfilled with the visionary dream of Dr Babasaheb Ambedkar by skilling weaker sections.

Guru Ghasidas University is one of the leading Universities in the central region and the first University in the country to implement National Education Policy 2020. The University successfully integrates skill and learning in its culture, thus providing a holistic environment to its students to become self-reliant. University under the able leadership of its dynamic Vice-Chancellor, Prof Alok Kumar Chakrawal has successfully launched one of its major flagship programme known as "Swavalambi (self-reliant) Chhattisgarh" a drastic step towards making Chhattisgarh self-reliant. The University is at the doorstep of evolving as one of the major breeders of young entrepreneurs to cater to the entrepreneurial needs of Chhattisgarh and Nation as well. University has rightly understood that skill development of the new generation is the call of the Nation and shall serve as the foundation of 'Atmnirbhar Bharat'. Providing skilled manpower to the world is one of the core strategies behind skilling modern day youth. In light of the above facts, Guru Ghasidas University is celebrating World Youth Skill Day committed towards transforming young entrepreneurs and making them skill ready for the future and Nurturing Skills in Youth Entrepreneurship. Through this Youth Day and through its flagship programme, the University wants to deliver a message that it's on a mission of skilling, re-skilling and up-skilling the youth and thus contributing towards Nation building. The University makes a call to its students to come, listen, configure, align towards entrepreneurial state of mind through its Young Entrepreneurial Meet on 15th July. The entrepreneurial meet shall provide a multifaceted exposure to the concepts and practices of 'New Age Entrepreneurship', in the form of keynote talks and hearing out the success stories from the entrepreneurship themselves. Come Let Celebrate Entrepreneurship and let's get skilled.
