

About the University & the Department:

Guru Ghasidas Vishwavidyalaya, started its journey as a state university since 1983, is now a central university in Chhattisgarh established under the Central Universities Act, 2009. It draws about 7000 students from different parts of the country. Apart from the regular academics in the campus, the university has successfully managed to extend its services for the welfare of society.

The Department of Education is committed to bring out the best potentials of its students to develop them as empowered and envisioned leaders of Indian Education. The department possesses a team of able and sensitive teachers striving to promote among the prospective teachers and the teacher educators – a high standard of knowledge, professional skills, cultural understanding, social responsibility and synergistic progress within a truly multicultural educational environment.

Concept Note: Mobile devices have become attractive learning devices for education. All across the globe, students from elementary school to high school are increasingly engage with advanced wireless devices to collaborate with peers, access rich digital content, and personalize their learning experiences. Many education leaders are intrigued with the opportunity to use smart phones and tablets as learning tools within schools and want to understand the power of these devices to transform teaching and learning.

M-Learning focuses on the mobility of the learner, interacting with portable technologies and learning that reflects a focus on how society and its institutions can accommodate and support an increasingly mobile population. This is because mobile devices have such features and functions which support learners. For example, podcasts of lectures can be made available for downloading. Learners are expected to engage with these learning resources whilst away from the traditional learning spaces.

Under the Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMNMTT) Scheme of MHRD, the department envisioned development of Academic Enrichment Activity in the concerned subject of the teachers through Mobile Learning. Participants should bring smart phone for searching websites and prepare teaching learning material in their concern subjects in the workshop and submit these materials.

CHIEF PATRON
Prof. Anjila Gupta, Hon'ble Vice Chancellor

PATRON
Prof. Shailendra Kumar, Registrar

CONVENER
Dr C S Vazalwar

COORDINATOR
Dr Sudhir Sudam Kaware
