(A Central University Established by the Central Universities Act, 2009 No.25 of 2009)

S.L.T. INSTITUTE OF PHARMACEUTICAL SCIENCES

SESSION 2021-2022

A PROJECT REPORT

ON

Appropriate Use Of Essential Oils And Their Components
From Natural Plants In The Management Of Patients With
COVID – 19 And Upper Respiratory Tract Symptoms.

GUIDED BY :-

DR. Dilipkumar PAL
M.PHARM, Ph.D, F.I.C., Post Doct
Associate Professor
SLT Institute of Pharmaceutical
Sciences, GGV

ACKNOWLEDGEMENT

History of all great works witnessed that no great work has ever been done without either the active or passive support from a person's surrounding or one's close quarters. Completion of the project work which started with initial planning literature search from various websites then reading, understanding and compilation of material into the present project form is definitely a herculean task, which didn't seem to be possible without the grace of God.

I hereby acknowledge from the bottom of my heart gratitude and indebtedness to Prof. Bharti Ahirwar , HOD of SLT Institute of Pharmaceutical sciences, Guru Ghasidas Vishwavidyalaya, Bilaspur for granting me an opportunity to undergo project work and the valuable suggestion and guidance during course. It is my pleasure to express thankfulness towards my noble guide Dr. Dilipkumar Pal , Associate Professor, under whose ample and accurate guidance this project has been brought to completion. His benevolence, innovative suggestion, positive attitude and valuable time given are hidden but that is very important and variable part for successful completion of my project. At last, but not the least I would like to thank all the Pharmacy teaching staff and my all friends and family member who has directly or indirectly helped me in this project work.
