## ACKNOWLEDGEMENT

I take this opportunity to express my profound gratitude and deep regards to my guide for his exemplary guidance, monitoring and constant encouragement throughout the course of this project. The blessing, help and guidance given by him time to time have been a constant source of inspiration.

Firstly, I would like to express a deep sense of gratitude to DR VINOD D. RANGARI, Professor of DEPARTMENT OF PHARMACY. I am also very thankful for his cordial support, valuable information and guidance, which helped me in completion of the study of the seminar through various stages and thankful to sir for his unweaving faith and total confidence reposed in me.

My sincere and warm acknowledgements are due to our beloved and esteemed Director, DR. BHARTI AHIRWAR, HOD of DEPARTMENT OF PHARMACY for his invaluable advice, creative inputs and organizational support in molding his support.

I am also deeply indebted to all my faculty members for their valuable time and extended cooperation. I would also like to take this opportunity to wholeheartedly thank all the technicians of our Laboratory and Librarians for their invaluable support.

Lastly, I thank Almighty, my family and friends for their constant encouragement and their valuable support, without which this project would not have been possible. I am grateful for their cooperation during the period of my project.
